

EARLY SANTA MONICA

by Louise Gabriel, Santa Monica Historical Society Museum

From the beginning, Santa Monica has been at the forefront of California culture. Now, author Louise Gabriel explores the town's colorful heritage in Early Santa Monica, the newest addition to Arcadia Publishing's Images of America series.

With over 200 vintage photographs, Early Santa Monica looks at the businesses, visitors, residents, and celebrities who were attracted to this "Jewel of the Sunset Bay" from its founding in the late 1800s to the mid twentieth century.

This book makes a great gift for family, friends, students, teachers, and employees.

Highlights of EARLY SANTA MONICA include:

- Chapters dedicated to the city's "Pleasure Piers" and beautiful beaches.
- Many previously unpublished images of everyday life, showing residents at work and at play.
- Photographs of the many celebrities who lived in Santa Monica, including hometown girl Shirley Temple.
- Proceeds benefit the museum's educational programs.

Louise Gabriel is currently President of the Santa Monica Historical Society Museum, a position she has held for over 17 years. She has written historical articles for the Santa Monica Chamber of Commerce and the West Wind newspaper. Gabriel has been recognized by the community for her many thousands of hours of volunteer service to various organizations and her demonstrated leadership.
